# Principal Message

Mr A. Lourdusamy Antony

It is hard to believe that the **Month of August** has come and gone! The temperature in our building is more pleasant and our students are experiencing amazing learning opportunities both in the classroom and in the community.

we keep students at the forefront of every decision we make. We are committed to provide students **with the knowledge, skills, and wisdom necessary to have a successful future.** We foster a mind-set where all students will learn to face challenges with confidence and perseverance. And most of all, **every child will be valued and cared for who they are with us.**

September witnessed a different range of activities across Grades. It was great to see them getting comfortable with their educators and peers and embarking on their journey towards a wonderful educational experience.

Primary students participated in different interactive activities and focusing **on communication** development and abacus training. Students engaged in Teacher's Day celebration.

Middle and High school student's celebrated sports day, Teacher' Day and different engaging activities with great zeal.

Next month ,October is a month where students can showcase their various talents. **Group of students are going for an educational tour.** They go for sightseeing in major places in Hyderabad and Mysore.

Nothing comes without effort, and no achievement is possible without leaving the comfort zone, but first, we need to develop trust among the worthy students of **SJRS**. A step forward for all of us, the school, the parents and students can turn hard work into the shimmer of success.

On 01.09.2023 students from grade XI and XII went for a field visit to Footwear Design and development Institute at Irungattukkottai. The students felt it extremely useful and they had a good guidance for their choice of career.

**RIDDLES**

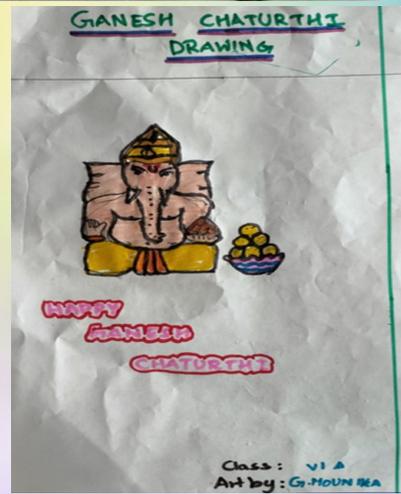

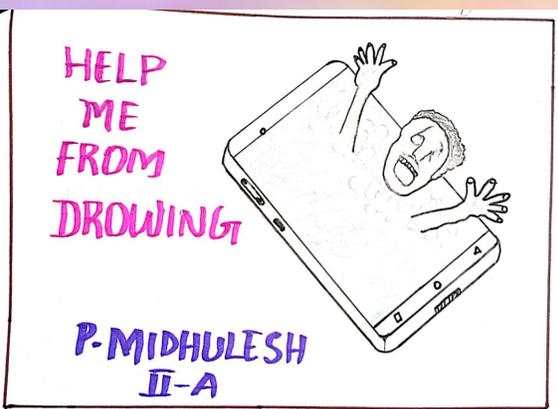

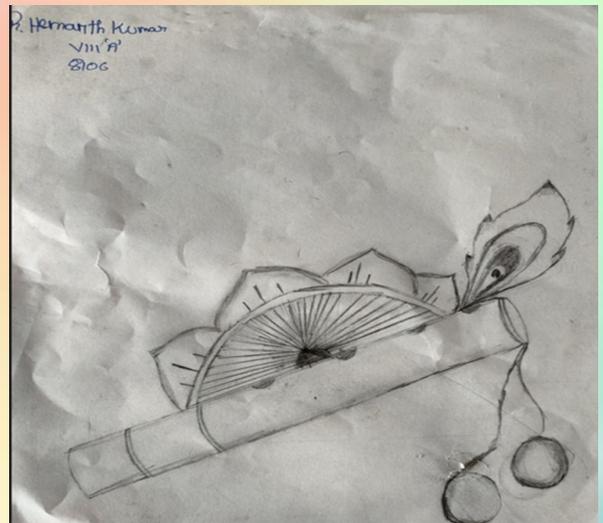

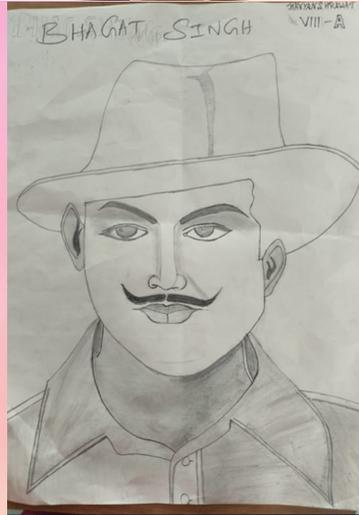

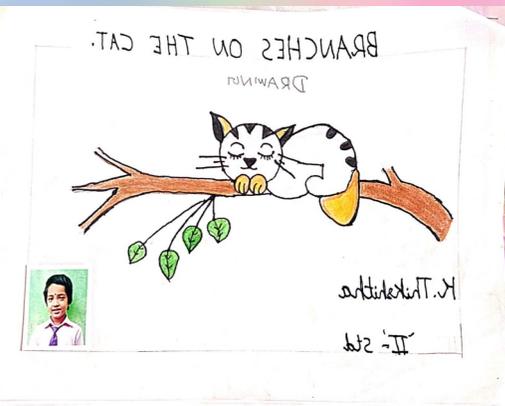

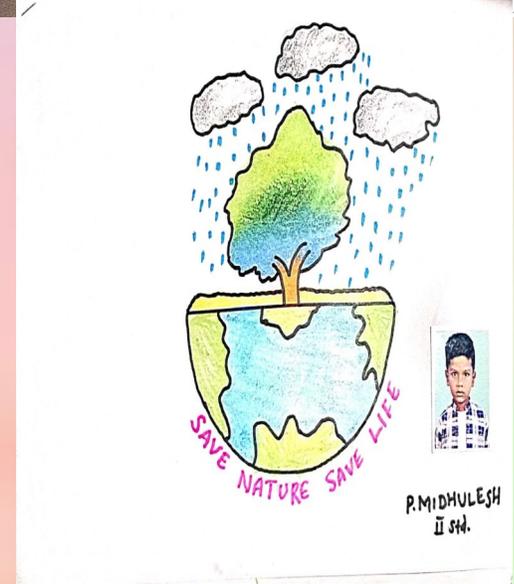

What has hands but doesn't clap?  
A clock.

Everyone has it and no-one can lose it; What is it?  
A shadow.

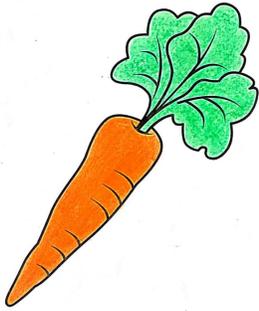

What can you hear, but not see or touch, even though you control it?  
Your voice.

I am white when I am dirty, and black when I am clean. What am I?  
Blackboard.
